GIVE THE REASON.

Continued, and with pleasure, from man
could always give a reason for the hope
within him.

We have declared both publicly and
privately that we are not for Mr. Greeley.
Greeley would be elected. In this de-
claration we were always quite sincere.

To say this is all "game work," is to
confess great ignorance upon the part of
those who have pretended to watch the
part of a man. We take the following
statements upon the vote for President
at the last election, we arrive somewhat
at the fair estimate of what is coming
next month, but then, we must not for-
get since that election, important politi-
cal changes have been made and are still
going on, in the interest of reform. The
liberalism of the Democrats and Lib-
erals will materially change the figure
on the Senate vote, in our favor. The
following tabular statement is made
on facts and figures, not from fancy or
opinion. Some time since we made a
somewhat similar statement, but in the
light of recent fact, we now enable
a present a different and better table.

The liberal, easiest, and most satis-
factory way of calculating the chances of
each party in the pending Presidential
election, is to present a list of the States
with the electoral vote of each, and let
its probable vote of each. Follow-
ing this plan, we give you:

Virgil Loving, colored, announces
himself for Congress in the Third district,
and publishes the following card in the
Loving Green Democrat: "Allow me
through your valuable paper to state
that numerous requests are made for me
to run as the Radical candidate for Con-
gress. I announce myself as a candidate
against the Liberal Democratic nominee,
and solicit the vote of my numerous
friends on this occasion."

The trial of the parties accused of
child murder at Paris, was concluded by
committing Thomas Dillon and James
O'Hair to jail without bail. Clay Rich-
ardson was held to the sum of \$500.

The other parties were discharged. The
evidence developed the raid on Wick's
house for the purpose of taking him
out a ducking, and that Dillon
and O'Hair did the shooting that resulted
in the killing of Wick's child. It seems
pretty clear that Dillon and O'Hair are
used for a long term in the penitentiary.
The law should be executed to the letter,
or the outrage was a horri-ble shocking
one. — Lexington Statesman.

A wished party in well county,
in 1865, a number of intoxicated young
men, for the purpose of fun, formed into
